**Subject:** SIO  
**Attachments:** EPA Hires Scientific Integrity Official 11.7.13 draft MM.DOCX

Hey Mary

I understand that the SIO starts on the 25th. The press office is not interested in a press release but may pitch this to publications. We can look up what pubs have written about EPA scientific integrity to pitch the story. We have developed a desk statement. It is attached and comments are welcome.

Are you planning any other type of announcement?

We're meeting with the press office at 3 tomorrow so appreciate your thoughts before that.

Thanks

Liz
